### Reminder!!!!

The end of the current CME semester is quickly approaching, and there are several agencies who still have ALS providers who have not yet registered on the CNYEMS Website, at the address below:

[www.cnyems.org](http://www.cnyems.org)

This is a reminder that registration for ALS Providers is **MANDATORY**, as CME Rosters are maintained via the CNYEMS Website, and not by the paper system that was used in previous years.

Additionally, if you have not yet identified yourself as the CME Manager for your agency, please do so immediately, to ensure the prompt completion of the CME Roster for your agency. This can be done simply by sending an e-mail to CNYEMS staff.

CNYEMS will be distributing a short guide to the Web Based CME Roster for CME Managers use. This guide will explain the process by which the agency CME Roster is updated to reflect the completion of the CME requirements for each semester.

Please pass this information on to any of your agency's ALS providers who are yet to complete their registration, as well as any agency CME Managers who also have yet to register.

Finally, CNYEMS Staff will answer any questions or concerns related to this process.
