Re: Medical Control Orders

The Veterans Administration Hospital, in the Central New York region, is classified as a "Receiving Hospital". By this classification, the Emergency Department is **NOT** credentialed to provide on-line Medical Control Orders.

All on-line Medical Control Orders are to be requested of and received via the Resource Hospital. The VA does have the capability of monitoring information regarding incoming patients.

Should this situation change, all providers within the region will be notified.

Sincerely,

Daniel J. Olsson, DO, FACOEP
Medical Director
